Allied Chemical Corporation
Columbia Road and Park Avenue
Morristown, New Jersey 07960.

Attention: Mr. W. C. Parle
Director of Pigments

Dear Mr. Parle:

Yesterday, April 28, 1969, Mr. Ray Murray and myself met with Mr. Cochet to discuss the renewal of our agreement for the removal and recovery of your Acid-Methanol waste product stream generated at your Haledon Works.

Due to our increased costs of plant operation, trucking and sales plus a reduction in the price obtainable for the reclaimed Phosphoric Acid we are asking that the agreement be modified. Effective August 1, 1969 there will be a charge of \$50.00 per load of waste that we remove from your plant. Furthermore, the standard trucking delay charge of \$6.00 per hour for delays in excess of 1 1/2 hour for a pickup and 2 hours for a pickup and delivery will be applicable.

If you are in agreement with the foregoing, kindly indicate so by signing and returning to us the enclosed copy of this letter.

Very truly yours,

SCIENTIFIC CHEMICAL TREATMENT CO., Inc.
